

Week 1 State of Anarchy: State of War

- 01 Definitions of International Relations
- 02 Definition of Anarchy
- 03 Anarchy by Kenneth Waltz
- 04 Principles of anarchy
- 05 Realism
- 06 Three Assumptions of Realism

[1] State of Anarchy: State of War

Definition of International relations

International relations are *the relations of states with each other and with international organizations and certain subnational entities* .

[1] State of Anarchy: State of War

* Three Levels of International Relations

Level 1

Relations with
other States
(Inter-state
activities)

Level 2

Relations with
International
Organizations
(WTO, IMF, WB,
OECD, ILO..)

Level 3

Relations with
sub-national
entities
(bureaucracies,
political parties,
interest groups,
individuals..)

All of these are Actors of International Relations.

[1] State of Anarchy: State of War

* What is Politics?

"Politics is the *Authoritative Allocation* of (limited) *Values*." (by David Easton)

* Authoritative

- Government
- legislature
- consent by people

* Resources

- people
- money
- natural resources

* David Easton, *A Systems Analysis of Political Life* (1965)

[1] State of Anarchy: State of War

Domestic
politics

International
politics

There is the fundamental difference b/t
Domestic Politics and International Politics

The existence of the Central Government

What are the similarities between them?

- What are the elements of domestic society?
- What are the elements of international society?

[1] State of Anarchy: State of War

Domestic
politics

International
politics

There is no Central
Government in
International Relations.

What does no Central Gov't in the World mean?

- Enforcement of laws
- Anarchy
- the League of Nations, UN
